

2581 Furniture cylinder system MK5

Mechanical locking cylinders

Furniture cylinders and locks

MK5 system, 22mm diameter

Locking cylinders form the core element of secure locking systems and represent IKON's core competency. The product range meets challenging security requirements with sophisticated solutions. High-quality IKON locking cylinders provide high protection against intruders. Standard equipment in this respect includes anti-drilling devices, security cards and panic functions. Patented profiles are a direct result of decades of experience gained in precision engineering and are effectively equipped against even the latest intrusion or burglary techniques. These features include innovative VECTOR profiles and the IKON reversible key profile WSW-W10.

Area of Application

Furniture cylinders and locking knobs are mainly used for office furniture or cabinets. IKON supplies different shapes and types of furniture cylinders and locking knobs to suit various applications. IKON furniture cylinder and locking knobs are most effective when used in conjunction with suitable IKON furniture locks.
