

# T460 Sliding rail

Door closers

Arm systems and sliding rails

Tested in accordance with EN 1155

IKON provides a wide range of accessories and spare parts. Please note that the overall quality of IKON products can only be ensured if suitable original components are used.

## Area of Application

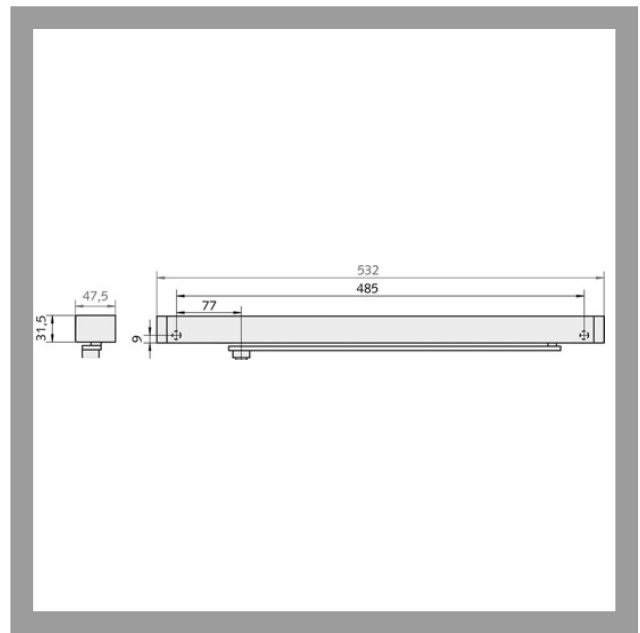

This IKON sliding rail with integrated electromechanical hold-open device is suitable for IKON T234 and T250 door closers. Hold-open actuation is achieved via the IKON smoke detector activation device T181. The hold-open function is enabled when the power supply is deactivated.
