

# T462 Sliding rail

Tested in accordance with EN 1155, EN 1158

Door closers

Arm systems and sliding rails

IKON provides a wide range of accessories and spare parts. Please note that the overall quality of IKON products can only be ensured if suitable original components are used.

## Area of Application

This IKON sliding rail with integrated door selector and electromechanical hold-open on both sides is suitable for IKON T243 and T250 door closers. The sliding rail is mounted on doors with electromechanical hold-open device that are automatically closed when the power supply is interrupted. The sliding rail is suitable for use with double-leaf doors with a maximum door leaf width of 1250 mm and a maximum hinge spacing of maximum 2,500 mm, depending on the door closer model employed. The sliding rail can also be used on asymmetrically-divided double-leaf doors with a minimum width of 400mm.

ASSA ABLOY, the global leader  
in door opening solutions

# T462 Sliding rail

Tested in accordance with EN 1155, EN 1158
